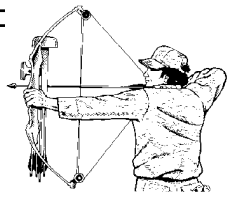
Hunting Lease Liability Insurance is available to each member of the Alabama Forest Owners' Association (AFOA) on land owned by the member which is leased to a hunting club. Land may be located anywhere in the United States.* Lands that are subleased may **not** be included. AFOA is taking applications for coverage under its 28th one-year group policy which will become effective August 1, 2016 and will remain in effect to August 1, 2017. Coverage begins on **or after** August 1, 2016, based on date of receipt of correctly completed application and full payment. The policy names both the landowner and the hunting club as insured and each receives a certificate of insurance.

This program offers broad coverage, but it must be remembered that the insurance is strictly "hunting lease liability insurance" and does not take the place of liability insurance unrelated to leased hunting activities. Watercraft (longer than 19 feet and/or powered by motors greater than 25 hp) related accidents as well as commercial dove shoots and short term fee hunting are **not** covered.

It is recommended that all details of the lease agreement between the landowner and the hunting club be written and mutually agreed upon. It is further recommended that the lease agreement require the hunting club to have written by-laws which are subject to approval by the landowner.

** New applications not accepted for land in AR, FL, LA, MD, TN, or VA unless landowner is resident of or owns land in Alabama.*

No Refunds Will Be Issued



Application must be filled out completely in order to be processed.

2016-2017 Policy will become effective August 1, 2016, and will remain in effect to August 1, 2017.
